[Make your Own Fun: A Zine About Making Zines by Kristyna Baczynsky](#)

An incredible, kid-friendly guide to zines that gives instructions for multiple simple formats and lots of prompts. Available on Etsy.

[IRW Zine Template](#)

Printable template that indicates covers & page numbers.

[Download Jamie Hogan's Zine & Folding Instructions](#)

Our friend Jamie has a great illustration for how to fold zines, and you can print her zine "Defend the Dark!" about reducing light pollution as an example of a zine for social good.

[Lewiston Public Library's Zine Collection](#)

There's a zine library right in our state! Check it out or get in touch with a librarian to ask questions.

[How to Make a Zine! Video, The Tate Museum, UK](#)

A wonderful overview of zine history, how to fold a zine, how zines can help us create a snapshot of culture, and some really cool kids sharing their ideas for zines based on topics they're passionate about.
